NUMBER TWENTYONE

Girl Scouts Return After Enjoyable Camp At Natchez Trace

Fulton Girls and Chaperones Spent
Week at the Mississippi Park;
Games and Contests
Featured

The Fulton Girl Scouts and their chaperones are back home after a most enjoyable week of outdoor recreation and camp life at Natchez Trace Park in Mississippi. A supervised program of games, contests, swimming, hiking, boating, horse-back riding, and handicraft was conducted by able leaders.

Mrs. W. L. Durbin, Scout leader, was in charge of the camping trip. Mrs. Grace Cavender supervised horse back riding, swimming, hiking, boating; Mrs. Roper Fields was in charge of handicraft. Mrs. Louis Weeks, Mrs. Maxwell McDade, Mrs. Homer Wilson and Mrs. Sterling Bennett were other chaperones.

Friday night was Awards Night, and Alma Phillips was chosen the best all around Scout, receiving the blue ribbon and prize. Patsy Workman and Margaret Jones, runners-up, received red ribbons.

Rebecca Hardin, toastmaster at a banquet, presented the awards after winners were chosen by the girls. Girls chosen from each of the four cabins as best all around Scout were Jane White, Jean Crocker, Shirley Homra and Alma Phillips.

On Stunt Night, with Cissy Murphy master of ceremonies, the groups from the four cabins presented a special feature. Carmen Pigue, representing the Hangout, gave a clever strip tease. The Snoopers presented the Wedding of the Trees and Wind, and the Banjo Club gave a skit on Crystal Gazing with Katie Lowe and Patsy Workman. The Red Wing group depicted various characters of Fairyland.

Mrs. Maxwell McDade, impersonating a colored preacher gave a reading entitled, "Negro Meeting," which was one of the most interesting stunts given. Court night was held every night, when the girls selected their own judge and jury, and tried the Scout for their misdemeanors.

Scouts attending included Alma Phillips, Margaret Jones, Patsy Workman, Katie Lowe, Betty Gordon Buckingham, Claudine Wade, Amelia Parrish, Ann McDade, Ann Latta, Janice Wheeler, Carmen Pigue, Bell Whitesell, Sue Easley, Rebecca Hardin, Joyce Fields, Dorothy Toon, Jane White, Cissy Murphy, Nancy Wilson, Jo Ann Latta, Jean Crocker, Donna Pat Bragg, Bobby Dawes, Louise Hancock, Shirley Easley, Rosalyn Bennett, Mary Davis Weeks, Shirley Homra, Gail Logan, Peggy Hall, Sarah Russell, Nancy Breeden, and Diane Bennett.

ROCK SPRINGS

Several from this community attended the funeral of Miss Lucille Veatch Tuesday.

Charles Williams Hardison visited Phillip Brown Tuesday afternoon.

Mrs. Geneva Jackson was employed Monday at the factory in Fulton.

Mrs. Lou Amy Sonns and children spent Wednesday afternoon with Mrs. Willie Ruth McClanahan. Mr. and Mrs. W. Z. Cash and Wanda visited Elmoore Copelen and family for a while Wednesday night.

Miss Rachel Hardison spent Thursday afternoon with Mrs. Ella Veatch.

Huf Beard had a cow to die Thursday night.

Mrs. Ciella Cherry and children and Mrs. Dorothy Exum visited their mother, Mrs. Utha Elliott Wednesday afternoon.

Mrs. May Hardison spent Thursday afternoon with Mrs. Nora Copelen.

Mr. and Mrs. Elmoore Copelen and Martha Kay and Mrs. Nora Copelen had supper Friday night with Mr. and Mrs. R. A. Brown. They served hamburgers and ice cream.

Mr. and Mrs. Verlie Byrd and children spent Sunday with Mr. and Mrs. Edd Byrd.

Fulton To Get New Bus Line

Brooks Bus Line Files Application
With Interstate Commerce
Commission; Passengers
Taken To Illinois, Indiana,
Michigan

Brooks Bus Line has filed an application with the Interstate Commerce Commission to permit passengers to be taken on here for points in Illinois, Indiana and Michigan. At present the service is limited to passengers originating in Fulton, Mayfield and Paducah and destined to Jackson or Detroit, Mich., or points between Jackson and Detroit. This requires busses to go through Illinois and Indiana with "closed doors."

Under a new charter, with restrictions removed, the bus company will have authority to pick up passengers in Fulton, Mayfield and Paducah destined to points in Illinois and Indiana as well as Michigan without change of bus.

The bus company would not be permitted, however, to haul intrastate passengers from one Kentucky point to another along its route.

The hearing on the above application has been set for June 19, 1946, at Terre Haute, Ind.

DEATHS

CLARENCE WILLIAMS

Clarence Williams, 61, well known farmer of Fulton county, died suddenly Saturday night at his home west of this city. Funeral services were held Monday afternoon at the Hornbeak Funeral Chapel by Rev. W. M. Boykin, with interment following at Fairview cemetery.

Mr. Williams leaves his widow, Mrs. Blanche Murrell Williams; one son, Murrell Williams; two grandsons, Jimmy and Eddie Williams; one sister, Mrs. Lula Tyler, of Nashville; two nieces, Helen Tyler and Mrs. Robert Burns of Nashville.

Mr. Williams was well known in this section, having resided in Fulton for many years, where he was employed by Ky. Hardware Company. He and his family moved to a farm near Cayce about ten years ago, and he had engaged in farming since that time.

He was a member of the Ebenezer Methodist Church, and was a member of the Woodmen of the World.

R. S. BARD

Robert Samuel Bard, 77, well known retired farmer of this section, died Sunday morning at the Jones Clinic, after a few weeks' illness. Funeral services were held Monday afternoon at Hornbeak Funeral Chapel by Rev. B. J. Russell and Rev. W. E. Mischke. Interment followed at Fairview cemetery.

Mr. Bard was a member of one of the pioneer families of this vicinity, being the son of the late John Bard. For many years he was engaged in farming, but had retired several years ago. He was a member of the Methodist Church holding his membership at Pleasant Hill. His wife preceded him in death several years ago.

Deceased is survived by his son, Dr. Robert E. Bard of this city; a daughter, Margaret Bard; a granddaughter, Mrs. B. G. Valentine of Lexington; a great granddaughter, Gwendolyn Valentine of Lexington and several nieces and nephews.

Mr. and Mrs. Huf Beard visited near Cayce Sunday.

Mr. and Mrs. Elmoore Copelen and family visited Mr. and Mrs. Herman Elliott for awhile Sunday morning.

Mr. and Mrs. Fort Dillon and baby spent Sunday with Marshal and Johnnie Moore.

Fulton Baseball Club Sponsors Gentsch Shows

Beginning next Monday, the Gentsch Shows, with midway attractions, come to Fulton, under sponsorship of the Fulton Baseball Club. Capt. George Harson in a 120-foot pole act, will be a feature free attraction on the midway.

C. I. O. And A. F. L. Invade Southland In Organization Drive

Organizers From Both Unions In
This City Recently In Efforts
To Unionize Garment
Plant

Labor unrest continues to spread throughout the South, as organizers of the C. I. O. and A. F. L. invade Dixieland in bitter contests to gain ascendancy, and in organized efforts to extend the powers of labor unions politically.

Meanwhile, a tumultuous House at Washington Tuesday upheld President Truman's veto of the Case Labor Bill by the hairline margin of five votes and its back immediately planned a drive to revive the measure.

The Case Bill would have created a Federal Mediation Board, restricted strikes and lockouts while the board was functioning, prohibited secondary boycotts, and permitted court suits against employers or labor organizations violating contracts.

The South has been the only section of the country where labor unrest has been at a minimum, for here strikes, sitdowns and labor disputes have met with wide disapproval. Production records have spiraled downward since war ended due to the lack of proper labor legislation to bring about fair and just settlement of disputes between employer and employee, it has been pointed out by leading Washington authorities.

Last week A. F. of L. representatives were in Fulton consulting with workers at the local garment plant, but were unsuccessful in their efforts to unionize. This week representatives of the C. I. O. were here endeavoring to accomplish what A. F. of L. organizers failed to do. Successful organization of the local plant would be a rich plum for labor leaders of either group, and net several thousands dollars in initiation fees and dues to the union, and advantages of a unionize shop were pointed out at a meeting conducted here Thursday by organizers.

Several attempts have been made to organize the local plant, but they have been unsuccessful because of the reticence of local workers to join up. Although organizers were handled rather roughly by workers a few years ago, no demonstrations have been visible lately.

HIGH SCHOOLS JOIN VISUAL EDUCATION PROJECT WITH MURRAY

Forty high schools of West Kentucky have joined with Murray State College in establishing a "Co-operative Film Library" with headquarters at the college, M. O. Wraether, college staff member and director of the project, announced this week.

Under the proposed plan, each school will buy four educational classroom films to be pooled with the college as distributor and depository. A "Visual Air Conference" will be held at the college Friday and Saturday, June 21 and 22, where the participating schools will send delegates to discuss methods, films, and techniques of the program.

High schools at Hickman, Wingo, Clinton and Mayfield are participating.

RELATIVE OF FULTON MAN DEVELOPS TIME RECORDER FOR A-BOMB

Fred M. Crawford, son of Mr. and Mrs. Wade Crawford of Murray, Ky., and cousin of Yewell Harrison, principal of Carr Institute, of Fulton, "is regarded as one of the real geniuses in the Crossroads project."

Captain Crawford is credited as being chiefly responsible for producing "a combination of electronic timing, remote control and camera time recorder," which will be used next month in the atom bomb test at Bikini known as the Crossroads project.

Crawford is described as the "key engineer and advanced electronic engineer" responsible for perfection of the recorder.

FULTON RURAL AGENTS AT JUNIOR WEEK

The Home Agent and County Agent of Fulton county are attending Junior Week in Lexington this week, June 10 to 15. The Home Agent will attend Camp Bingham near Lexington the following week, which is June 17 to 22.

MISS SUNDWICK TO RECEIVE DEGREE

Margaret Sundwick, 107 McDowell-st, Fulton, will receive a bachelor of science degree in Music education at the 75th annual commencement of the University of Illinois Sunday, June 16.

Mrs. Sundwick is the daughter of Mr. and Mrs. C. A. Stephens of Fulton.

LOOK BEFORE YOU LEAP!

Remember back when Fulton didn't have a factory to employ people? Then local citizens got together and built a building by free-will contributions in order to bring a good industry to Fulton. Since that time 500 or more Seigel employees have received approximately \$600,000 a year in payrolls.

In recent years "labor" agitators have endeavored to invade this community, bringing with them the usual discord and strife that exists in so many cities throughout the nation today. These outsiders, who never knew Fulton existed, or the Seigel employees were alive, until they were earning good money from which dues could be collected, would be pleased to enlist them now at the rate of approximately \$700 per month take from their pockets.

Fortunately, local workers have been free of the worry, trouble and the loss of earnings, to say nothing of extra contributions from their paychecks they must forfeit in order to be subservient to labor leaders in distant Chicago, or New York.

Our people have been aware of the troubled waters that flow thru a factory and a community, when these agitators begin to spread out promises and paint rosy pictures. Seigel workers have by secret ballot heretofore declared themselves opposed to binding themselves with radical trouble makers.

But now the peace and happiness of these people is threatened again by organizers with outlandish names. The cool courage and forthright thinking of these workers, we feel sure, will again preserve them, for our people are not inclined to jump off the deep end. They look well before they leap, and weigh well their own best interests.

They know there is no golden pot at the end of the rainbow, and experience has taught them the value of a good industry to them and the community. One false step now could bring untold harm to all.

Millions of people throughout the United States are troubled about unsettled conditions, the lack of production, the shortage of everything. Only one thing can bring us out of the mess that we are in, and that is the hum of wheels of industry. Fulton, like many other communities, needs more industry to employ the unemployed and bring greater payrolls—not oil on troubled waters. Too long have minority groups controlled the destinies of the majority, and to preserve democracy in this nation our leaders in Washington, and our people at home, must return to majority government. Dictatorial powers of governmental bureaucrats and racketeering labor leaders must be wiped out, or our country will sink into the morass that existed in the rest of the world under dictators before the war.

In "Mein Kampf" Hitler served notice on the world. Few took seriously his cold, clear statement of what he intended to do. Stalin like-

Mel Simons Opens New Auto-Sporting Goods Store Here

New Business Is Located In Modern
Building On Main Street
Opposite The Post
Office

Mel Simons, well known business man of this city, and former baseball player and manager in organized baseball, announced the opening of his new auto parts and sporting goods store in his new building on upper Main Street opposite the U. S. Post Office.

Mr. Simons formerly operated a vulcanizing shop on State Line St., and will continue this service at his new location. He will feature auto parts for all makes of cars, novelty home supplies, and a good line of sporting goods. He plans to carry popular merchandise for sports who like baseball, basketball, tennis, boxing, football, golf, and for fishermen who like the best in fishing equipment.

The new business is located in a fine, modern home recently completed, and Mr. Simons invites the public to visit his new store.

WARREN SUCCEEDS EASLEY AS LEGION COMMANDER HERE

James Warren, lawyer and city attorney, was installed as Commander of the Marshall Alexander Post of the American Legion here Thursday night, June 6, succeeding Herman Easley.

Other officers installed were: Charles Looney, first vice commander; Leon Hutchens, second vice commander; Wallace Shankle, adjutant; Russell Pitchford, finance officer; E. E. Mount, chaplain; Robert Lamb, historian; Jack Moore, publicity officer; Charles Robert Bennett, service officer; Sonny Madding, child welfare; H. P. Allen, sergeant at arms; Hunter Whitesell was in charge of the installation service.

Fifty members enjoyed a chicken dinner before the business session.

SERVICE NOTES

Richard Cummings, RM2c, son of Mr. and Mrs. Max Cummings, 319 Carr-st, Fulton, has received his discharge from the Navy. He served 23 months in the Navy, 11 of which was sea duty in the PTO. He received the Naval Unit Commendation Ribbon.

1st Lt. James Mullenix arrived home Friday night from Washington. He will receive his discharge in Maryland.

Charles (Kay) Rushton has arrived in the States from Tokyo. He will receive his discharge at Millington.

Petty Officer 2-c Dave Winfrey, son of Mr. and Mrs. D. Winfrey, will receive his discharge from the Navy. He served 23 months in the Navy, 19 of which was spent overseas.

Stanley S. Parham, MOMM3c, 114 Second-St, Fulton, has received his discharge from the Navy.

S. Sgt. Walter B. Buchanan, 411 Smith-St, Fulton, has received his discharge from the Army.

William E. Willey, RM3c, 804 Eddings-st, Fulton, has received his discharge from the U. S. Navy.

FULTON ELKS PRESENT AT STATE CONVENTION

Foad Homra and Ed Hannephin, delegates from the B.P.O.E. Lodge of Fulton, attended the State Elks Convention at Covington, Ky., last week.

Mr. Homra was elected second vice president of the state organization.

If you have termites, write or call Carl Grooms for free inspection, 402 South 11th Street, Mayfield, Ky. Phone 716-R. Reference furnished 5tp.

Playgrounds Opened For Children Monday

Supervised Program of Recreation
Inaugurated Under Auspices
of Civic Groups and
Churches

The Municipal Playgrounds were opened here Monday, with a supervised program of recreation being conducted under the auspices of local civic groups and churches. Approximately 150 children turned out for the opening. Croquet, volleyball, shuffle board and sand boxes are scheduled to be ready by this week end.

Parents are urged to register their children, giving their names, addresses and telephone numbers. The playground is supervised from 9 a. m. to 12 noon, and from 1:30 p. m. to 5 p. m. daily except Saturdays, and on Saturdays from 9 a. m. until noon.

DR. WEIR HELD HEALTH CLINIC

Dr. J. M. Weir, Obion County Health Department, held a health clinic at South Fulton School Tuesday afternoon. Future clinics will be held here every Tuesday, for infants, pre-school children, and school children to protect them against whooping cough, diphtheria, small pox and typhoid fever. The health department is operating a clinic at the Baptist church in McConnell every Tuesday morning at 10 o'clock.

FULTON BOYS ARE LEARNING RUDIMENTS OF BALL ON SAND LOT

Boys of Junior High and High School age have been organized into four clubs under the auspices of the American Legion. The playground League was organized Monday, with each team electing captains as follows, Billy Campbell, Jack Browder, Billy Mac Bone and Don Samons.

Games will be played weekly on Monday, Wednesday and Friday at 9 a. m.

These boys are learning the rudiments of baseball, and some of them will probably be playing in organized baseball in a few years.

MRS. BOLIN AMONG PEABODY GRADUATES

Mrs. Carbilene Gardner Bolin of Fulton was among members of the June, 1946 graduating classes of George Peabody College at Nashville, when Dr. Henry H. Hill, president of the college, conferred degrees upon 205 members of the graduating class.

MISS RUSSELL RECEIVES DEGREE

Miss Louise Russell, daughter of Mr. and Mrs. T. K. Russell of Fulton, received her degree at graduation exercises held in Kenan stadium, University of North Carolina Monday night.

MOTHER OF MRS. CARL CROFT DIES

Mrs. C. L. Jorden, mother of Mrs. Carl Croft of this city, died suddenly early Tuesday morning at her home in Murray.

BIRTHDAY PARTY

Mr. and Mrs. Dewey Fields entertained Friday evening, June 7, with a party in honor of their daughter, Vera on her fourteenth birthday.

After games were played and prizes awarded the guests were taken to the Grill on Fourth street where cake and refreshments were served to the following:

Misses Polly Estes, Dorothy Sue Yates, Evelyn Jones, and Lorraine Fields, Messrs. Rupert Ellegood, Raymond Madding Jr., Gene Yates, Jimmie Merrill, Bobby Matheny, Sonny Luney and the honoree, Miss Vera Fields.

FOR SALE—3 registered Guernsey bull calves, 7 months old. Cecil Burnette, Fulton, Ky.

**WHAT HOUSE ACTION MEANS**

The action of the House of Representatives in exempting 18- and 19-year-old youths from peacetime service in the Army should not be misunderstood by the public generally.

NEAL LOONEY**TAXI**

CALL

266

Maynard's Service Sta.

DAY and NIGHT

Prompt

Courteous

Efficient

erally. It means, we feel sure, that after the forty-five-day period has expired the House will not strengthen the Selective Service Act and the exemption already voted will probably become permanent, so far as House opinion is concerned.

There can be no doubt of the loss of national prestige, the weakening of diplomatic influence and the confusion that will result in Army planning. The probability exists that it will be almost impossible to get sufficient soldiers to replace men now serving in the Pacific and in Germany, so that soldiers with long service records will find it hard to secure discharges because of the lack of replacements due to the exemption of the 18 and 19 years old group.

ALMOST 400 RECEIVE DEGREES AT U. K. FINALS ON JUNE 7

Approximately 370 seniors and graduate students were awarded degrees at the 79th annual June commencement exercise at the University of Kentucky Friday night, June 7. This is the largest class to be graduated from the University since June 1943 when 424 received their degrees.

The Hon. Fred M. Vinson, Secretary of the Treasury, addressed the class. Among those receiving degrees from Fulton county was: Virginia Ann Hill, Bachelor of Science in Home Economics, Fulton.

THE AMERICAN WAY

All too many Americans still cling to the erroneous idea that inventions and especially those which create labor-saving machinery, reduce employment. Because they hold to this fallacious belief, they condemn all patents as things of evil and regard our Patent System as a malicious monster responsible for spawning them. So they clamor for either a radical change in or the utter destruction of that Patent System.

But a calm and careful study of inventions and patents over the period of American history, reveals how wrong these people are. Such a study proves conclusively that inventions have not reduced employment, but that, on the contrary, have increased employment. And what is of even greater significance and importance, inventions have been the means of shortening working hours, increasing wages and of putting luxuries, semi-luxuries and even necessities within the purchasing reach of millions of Americans who otherwise could not have enjoyed them.

As a case in point, let's take a look at the history of the tire-making industry. We find that in 1920 the average selling price was a good for about 5,000 miles; that one worker made eight tires a day; and the average selling price was around \$31.

Fifteen years later, due to inventions in labor-saving machinery and better processes, the average tire was good for 25,000 miles; one worker made approximately 65 tires a day; and the average selling price was \$11. This means that one worker produced per day eight times as many five-times-as-good tires to sell at practically one-third the former cost.

But what happened to employment while this was going on? In 1935 more men were employed in making tires than in 1920, and in 1935 the tire makers worked shorter hours and were paid higher wages. In addition, the public (which includes those who fear, deny and would destroy patent rights) was benefited by being able to buy infinitely better tires at greatly reduced prices.

It is true that for a short time there was some little unemployment due to the labor-saving devices, but these same devices increased the demand for tires because a better tire was furnished at less money, so that the few temporarily unemployed were soon picked up, and from then on, more and more people were employed at shorter and shorter hours, at more and more pay.

A like analysis of the automobile, electrical, chemical, clothing and practically every industry, will reveal increased employment, shorter working hours with increased take-home pay for employees and reduced prices to the public—all due to inventions and patents granted thereon under our American Patent System.

All of which leads me to two very important conclusions: (1) That contrary to the belief of some that our Patent System is a "Malicious Monster," it is in fact a "Benign Benefactor." (2) That we must fight to the last ditch every attempt by the well-meaning but misinformed, or by informed saboteurs, to interfere with or destroy the American Patent System which already has done so much and can do so much more for all of us (and don't forget that all of us includes those who would destroy this proven beneficent System.)

REMEMBER WELL THESE WORDS

These thought-provoking words were addressed to George Washington by Benjamin Franklin when the Constitutional Convention of 1787 was installed:

"The longer I live the more convincing proofs I see of this truth: 'God governs in the affairs of men.' And, if a sparrow cannot fall to the ground without His notice, is it probable that an empire can rise without His aid? We have been assured, sir, in the Sacred Writings, that 'except the Lord build the House, they labor in vain that build it.' I firmly believe this; and I also believe that, without His concurring aid, we shall succeed in this political building no better than the builders of Babel."

Licenses they mean when they cry liberty.—Milton.

THE BUDGET WILL NOT BE BALANCED

From time to time a good deal of newspaper space is devoted to the statements of politicians telling how "the Government budget will be balanced." President Truman submitted budget figures last January that provided for \$35,860,000,000 of appropriations for the fiscal year of 1947. The United States Treasury announced this month that it is going to redeem maturing securities amounting to \$3,854,500,400. Other "retirements" of Government obligations bring the totals up to approximately 10-billion dollars.

Senator Tydings of Maryland, has

been taking the bull by the horns, insisting that the spending top of the Government for the next fiscal year must not exceed 31 billion dollars. Senator Byrd, who put Virginia on a sound foundation when he was Governor of that State, is trying to force a system by which Federal expenditures can be definitely identified. Byrd wants the money and the credits and securities and debts all counted so that the totals will show just exactly where matters stand in regard to income and expense, analysis of surpluses and deficits, sources and uses of funds.

Size it all up, and the conclusion is that the budget will not be balanced, and the national debt will not be reduced a nickel.

200 MILES OF HIGHWAYS TO BE RESURFACED

Resurfacing of 200 miles of Kentucky state highways will be included in bids to be received by the Highway Department on June 28, J. Stephen Watkins, Commissioner of the Department, announced today.

Seventeen Kentucky counties are to have needed improvements. The work is estimated to cost \$300,000.00. This letting is the third of a series covering 90 of the 120 counties. The total cost of all of the maintenance resurfacing projects submitted to bid this year amounts to \$3,300,000.00.

"In round figures, 1,000 miles of resurfacing will be undertaken this year by our Division of Maintenance," Mr. Watkins said. "War-time shortages and conditions over which we have had no control have prevented major activities along this line, although the most needed work has been permitted.

"Maintenance resurfacing contracts are a part of the overall road building program. This is one phase of the total problem faced by the post-war highway department in Kentucky.

"This is one of two lettings scheduled for June. Rural highway projects totaling 118 miles will be opened to bid on June 14. These are not a part of the federal aid program and relate only to the state's direct aid to counties on counties on county rural roads."

FULTON, KENTUCKY

Just recently the State Department announced that a corps of Soviet Russian Newspaper Correspondents were to tour the United States; an dwrite up America for publication in Soviet land; the total expense of these Soviet newsmen to be borne completely by our government. The authority stated that in this way our Russian "friends" would be able to understand and appreciate us much better than if they just went about as they always have and paid their own expenses. It is understood that these Soviet writers will have access to plants and places denied American newsmen.

We don't know what has happened to America that we have to spend millions of taxpayers' money to advertise the superior virtues of the United States, and the higher qualities of the American way of life to this cockeyed world.

The time was only a few years ago when every half-civilized maverick in every city, village, and hamlet in every country in the world—the savages in the jungles of Africa excepted—knew all about the United States of America. These hordes of every land on the globe knew all about the freedom and the opportunities that were afforded the common man in the USA. They knew about our democratic form of government. They knew that here the people worshipped liberty instead of some king, potentate or dictator.

And every one of these teeming millions of the world's oppressed was hoping and praying that somehow, some way, they could go to that wonderful land of promise—that fabulous land across the seas, where every human being was free, free, free.

Good Lord, and now we must pay the expenses of a corps of Muscovites to travel around the USA. What is this country coming to next?

ANTI-AMERICAN PROPAGANDA

The wave of strikes and industrial difficulties which have almost tied the United States up in knots has been the finest kind of material for Anti-American propaganda all over the world. It has been seized on to undermine our position and prestige, and to stir up trouble which will further delay any possibility of a peaceful world.

The Communists have played up our difficulties as proof of their contention that a democratic nation is not capable of governing itself. They have twisted it to prove that the United States will not carry out its world commitments. They are using it as ammunition in all the nations they dominate, as well as in the Soviet Union.

On the other hand the Fascist Peron government in Argentina is using the same propaganda to try and split South America against us, and to prove to their own people that Uncle Sam is going to pieces and our democracy is a failure. It is grist in the mill of all Anti-American propagandists, and we must realize how numerous they are in many parts of the world.

At the same time it is playing directly into the hands of the Communists Party in the United States. It has been the "party line" every since V-J Day to stir up strife and do everything possible to prevent our reconversion to a prosperous peace time economy and maintain a strong enough military policy. That is why Earl Browder was thrown out as leader of the American Communist Party and William Foster put in his place.

Of course the Communist Party is not strong in the United States, but its members hold some strategic positions and they have many "fellow travelers," and they make the most of every opportunity that comes along. The Communists work on direct orders from Moscow and it is their aim to keep us in turmoil, so our democracy will be discredited and our position in the world undermined.

We do not believe the labor leaders who are chiefly responsible for our present difficulties are either Communists or Communists sympathizers, but we do believe that they should take all these things into consideration. In the present world situation we cannot survive as a house divided against itself. We must all work together to keep the United States strong, prosperous and the beacon light of world democracy.

THREE HEADS BETTER THAN ONE

Let us not forget that the development of tactics, strategy, training, weapons and equipment has been, and is, a subject upon which the military, naval and aerial experts of the world do not agree. There is no exact truth along scientific certainty in connection with these questions upon which the future of this nation may depend.

If the United States, the world's largest nation, wishes to play safe in a dangerous world, it would do well to authorize the separate development of these important factors in accordance with the conclusions of each of the three departments. That there will be differences in opinion is certain and in the division lies a safety factor which could not be overlooked.

It is possible that one, and even two departments, may follow the wrong lead and be relatively unprepared for what develops in the next war. It is not likely that all three departments will be caught off-bases at the same time.

It is more disgraceful to distrust than to be deceived by our friends.—La Rochefoucauld.

RAILROAD PIONEER
of 1946

Here's a 1946 pioneer among railroad men... a man who works, not with trains, but trees—your trees, if you own timber land in Illinois Central territory.

He is an Illinois Central forester... a tree farmer who knows how to make the most of today's timber and how to grow fresh tree crops for the future. His job is to help conserve and expand the Southern forests which today supply nearly half of the nation's lumber, including pulpwood for paper, rayon, phonograph records, movie film and 9,000 other items.

The work of our foresters is another part of the Illinois Central's program to broaden the service of the railroad to the people along its lines.

The Illinois Central intends to earn your continued patronage and friendship.

W. A. JOHNSTON
President.

PALESTINE

Mrs. R. H. Pewitt spent Sunday with Mrs. Hayden Donoho, on the Hickman Highway.

Mr. and Mrs. Charles Beadles and daughter Elizabeth Sue of Monroe left for their home Monday morning, after a short visit with Mr. and Mrs. Harvey Pewitt and family, and Mrs. Leslie Nugent and relatives in Union City.

Enroute here they visited their son, Glenn Beadles and wife in West Plains, Mo.

Mr. and Mrs. Gus Browder were Sunday guests of Mr. and Mrs. W. C. Hogg on Carr St.

George Browder left Sunday night for Louisville after a visit with parents, Mr. and Mrs. Robert Browder.

Mr. and Mrs. Lon Brown attended the funeral of Mrs. Helen Watts at Salem Sunday.

Mrs. William Callan of Silver Springs, Md., spent Monday with Mrs. Hillman Collier. They visited Mrs. Otilla Hemphill in the afternoon.

Mrs. Bettie Williams is spending the week with Mrs. Henry Collier.

Mr. and Mrs. Robert Watts attended the funeral of W. B. Watts at Salem Tuesday.

Mr. and Mrs. Martin Nugent and family left for their home in Fayetteville, Ark., Monday after visiting relatives in this vicinity.

Shannon Murphy left Monday for Nashville where he will enter Peabody College for the summer term.

Week end guests of Mr. and Mrs. Harry Murphy were Dunlap Murphy of Louisville, Mrs. Mary Wayne McCloy and Miss Mary Wayne Turk of Bardwell.

Maj. Oba Thompson and family of Paducah spent the week end with parents, Mr. and Mrs. John Thompson—they left Monday for vacation of several weeks and will visit relatives in Duncan, Okla., and Texas.

Sunday visitors in the home of Mr. and Mrs. Harvey Pewitt were Mr. and Mrs. Charles Beadles and daughter of Louisiana, Mr. and Mrs. C. J. Bowers, Mr. and Mrs. Hillman Collier and family, Mr. and Mrs. Jim McGhee, Mr. and Mrs. Roy Bard, Mr. and Mrs. Weldon King and daughter Sara, and Mrs. Leslie Nugent.

Harvey Pewitt remains about the

same from several weeks suffering with rheumatism.

ROUTE THREE

H. A. Sisk and family from Wyandotte, Mich., are visiting their parents, Mr. and Mrs. E. H. Sisk of Wingo, Ky., and Mr. and Mrs. J. C. Foster and other relatives and friends in this section.

The past week has been a very good one for the farmers to work out their crops and get out the sweet potato crop.

Miss Betty Lou Foster spent the week end with friends in Duke-dom the twins of Mr. and Mrs. Alton McGuire.

Mrs. Elno Foster has been very sick in Jones Clinic the past week. We trust she is better soon.

Mr. and Mrs. Harry Yates were Sunday afternoon visitors of Mr. and Mrs. J. C. Foster.

Those who visited the Sisk family Saturday night at J. C. Foster's were Mr. and Mrs. Hester Bennett, Mrs. Belle McClure, Mrs. G. W. Brann, Mr. and Mrs. Dean Williams, and son, Miss Jean Neely of Fulton, Mr. and Mrs. Orie Forrester and Mr. and Mrs. Herbert Butler.

Miss Nell Bennett and Miss Fay Sisk and two boy friends went joy riding Saturday night.

Miss Martha Lou Williams and Richard Lowry went to the show Saturday night.

Mrs. Carl Foster entertained a few friends with a brush party Tuesday night.

Dean Williams wife and son took dinner Sunday with his sister and family, Mr. and Mrs. O. D. Neely in Fulton.

Mr. and Mrs. H. A. Sisk, and daughters, Fay and Doris Ann attended church at Cuba Sunday afternoon at 2 p. m.

Mrs. Jack Olive and children, Tobie Sue and Terry Mac spent Wednesday with Mrs. E. C. Lowry.

Mr. and Mrs. Rufus Lowry took dinner with Mr. and Mrs. E. C. Lowry Friday.

Mrs. Alvin Foster and Mrs. E. C. Lowry carried cabbage and made kraut Thursday.

Mrs. G. W. and Mrs. P. J. Brann spent Friday afternoon with Mrs. Jimmy Clement and Mrs. J. J. Clement, who has such fine chickens and brooder houses. Mrs. Brann purchased two fine cockrels while

there.

B. H. Lowry and wife with R. S. Gossom and family spent Sunday in Clinton visiting Mrs. Owen Jackson and son.

The daughter of Fred Cashion, Dukedom and Martha Jean Neely of Fulton spent the week end with Dean Williams and family.

Mrs. Allene Starks went to Fulton shopping Saturday.

Mrs. G. W. Brann, P. J. Brann wife and son, David, also Jimmy Clement and wife took dinner Sunday with Elmer Cannon and family and enjoyed old country ham and fried chicken.

We thought the March winds were over for a spell, but happened to encounter B. H. Lowry Monday and find it still blowing.

Bars Down

(Continued from Page One)

wise has outlined his program in a book. He has made it cold and clear. Yet we hear constantly about the enigma of Russian policy. Why not take the Russians at their own word?

Here in one sentence is the bedrock of Soviet foreign policy—from the book, "Problems of Leninism," the Russian equivalent of "Mein Kampf," is signed by Stalin:

"It is inconceivable that the Soviet Republic should continue to exist for a long period side by side with imperialist states—ultimately one or the other must conquer."

Imperialist states means us. The book which contains the notification of our doom is being currently shipped about our country in large quantities and sold for 25c a copy.

When American Communists visited Stalin in 1929, he said: "I think the moment is not far off when a revolutionary crisis will develop in America that will be the be-

ginning of the end of world capitalism as a whole. It is essential that the American Communist Party historical moment fully prepared."

These quotations show in definite terms just what we are up against. Dictatorship means unlimited power resting on violence and not on law.

America can survive such onslaughts by communism, only if Americans believe in democracy.

Feeling Fine Now, Miss Rains Lauds Retonga

Tired, Highstrung And In Like Different Person Day To Day, She States. Dragged Along From gestion, Miss Rains Just Distress From Acid Indigestion.

"I felt tired and jumpy and so utterly miserable that I just didn't want to see anybody, but thanks to Retonga I now feel like an entirely different person and am happy on the go every day," gratefully says Miss Hattie Rains, 200 Sawyer St., North Chattanooga, Tenn.

"I seemed clogged with toxic poison," stated Miss Rains, "and I felt weakened and completely worn out almost all the time. I felt extremely restless and was easily upset by what now seems trifles. I

had to take powerful laxatives to get any relief at all from sluggish elimination, and felt so fagged out and irritable that I just wanted to be alone all the time with my suffering.

"Retonga was a blessing to me. It gave me such grand relief I now feel fine and am up and on the go every day. My restlessness is relieved and I have put aside harsh laxatives. My sleep is refreshing and my appetite so good that sometimes I am tempted to eat too much. I feel lots stronger. Retonga brought me exactly the grand relief I wanted."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at DeMyer's Drug Store.

Announcing The Opening of Fulton's Newest Auto Parts & Sporting Goods Store

CONGRATULATIONS To All Returned GI's!

We, the business and professional men and women of Fulton and South Fulton, are happy to say "Congratulations" to all you World War II Veterans on the establishment of the businesses in our home town community.

We are indeed happy that you have decided to cast your lot with us and with us, believe in the present and future Fulton.

Some of you have established businesses new to Fulton and some of you have taken up where others left off. The fact that you bared your breasts to enemy bullets for the sake of American ideals is something that we, as beneficiaries of your valiant service, will ever remember with grateful hearts. We will always be glad

to recommend your services to all inquirers, and hope and pray that all your business adventures in Fulton prove highly successful.

In addition to the businesses established by veterans, we are just as grateful and take off our hats to those dozens of GI's who have returned to Fulton and the Ken-Tenn Territory, wherever they are, and have secured employment. You are the ones who keep the wheels of our factories turning; you are the ones who are manning the farms, producing food and sustenance for the nation. You are all part of the great family of the Ken-Tenn Area, and we are glad that you are at home with us again.

govern the American people is Public Law 144, better termed "Public Disgrace 1946." Few voters know the meaning of this law nor the effect upon those to whom it pertains. Those subject to PL 144 are veterans of the armed forces. Only by the grace of God this law applies not to your son, husband, or brother, but to the veteran you seldom, or never, see—the disabled American veterans, those who are destined to spend months, years or the remainder of their lives confined to a hospital bed or ward.

The pertinent wordage of PL 144 is written in fewer words than the number of the law itself. The benefits derived by the disabled veteran is even fewer than the number of words themselves. The rest of this law simply states: "Where any disabled veteran having neither wife, child nor dependent parent is being furnished hospital treatment by the United States or any political subdivision thereof, any pension or retirement pay shall not exceed \$20 a month. If the veteran's disability is non-service he shall receive not more than \$8 a month."

While Congress spends billions for war relief and loans the taxpayer's money in astronomical figures to foreign governments, the disabled American veterans, those who sacrificed all but life itself, are the benefactors of a law which provides them with \$20 per month—68 cents per day. Public Law 144 provides the disabled veteran with less money than International Law provides for German and Japanese prisoners of war.

The 68 cents a day received by the veterans is little more than cigarette money and fails to provide them with enough to obtain the few pleasures of life they are still capable of enjoying. They are not only a victim of war but of a flagrant case of neglect and false economy on the part of those responsible for their well-being and care.

To rectify this disgraceful condition, the American Legion has called upon Congress for immediate passage of its sponsored bill, H. R. 535, which would provide that a veteran's compensation, pension or retirement pay shall not be reduced during his hospitalization or domiciliary care. The Legion bill seeks to provide the veteran that to which he is entitled and attempts to remove the stigma of discrimination.

Thousands of disabled American veterans are only receiving the disgraceful payment of \$20 per month; yet these are the men who sacrificed the most. They are the blind, the amputees and the paralyzed. These are the men who carried the flag of the forty-eight States thru four and a half years of war to return disabled and to receive their reward—sixty eight pieces of copper—less than a penny and a half per day for each State they protected.

AMERICA'S FOREIGN POLICY

Everybody's knows that there is a showdown in the affairs of the United States. Naturally, one cannot help but know that the Russians have violated all their pledges, and used all of their power to defeat the lofty aims and purposes of the United States, Great Britain and the other great governments of the earth that have been working to achieve permanent peace. The American Government, under the leadership of able Secretary of State, James F. Brynes and backed by Senators Vandenberg and Connally, has done its best to reach agreements with Molotov and Stalin. This delegation of American statesmen who recently returned served notice on Russia that we are through with appeasement and that the American delegation will insist on its "American foreign policy."

It seems possible that Russia may pull out, or be thrown out. In either case, the statements of Brynes and Vandenberg may be accepted, as they declare that the United States will stand firm for "Peace for Keeps."

A MILLION ACRES IN MOTORS

It takes the crops from one million acres to build two million motor vehicles. The story is eased-in by showing that 65 per cent of all the leather consumed in the United States, plus 10 1-2 per cent of the cotton and 3.6 per cent of the mohair, is used by automotive plants. That isn't all, 550,000 bales of cotton goes into textiles; cotton lint goes into seat padding has a value of \$610,000; and \$2,946,000 worth of wool goes into upholstering and floor coverings; also \$2,192,000 for mohair used in upholstery.

The hides of 256,000 cattle, the fats and hair from 36,000 hogs; and a billion and a half dollars worth of sugar cane for solvents, plus 665,800 for soy beans used in oil and plastics; 1,115,000 bushels of corn for alcohol, paints and varnishes, to which is added 174,000 bushels of flaxseed, which goes through machines that turn the products into paints and soaps. It takes 4,828,200 pounds of turpentine and 18,590 pounds of beeswax to supply the mixtures necessary for the production of cars.

PARTIAL RIGHT OF APPEAL

The United States Supreme Court does not hear every case that anybody wishes to carry before the highest tribunal. It acts on petitions for review and announces a decision without giving, as a rule, any reason for the ruling.

The other day it declined to hear an appeal of a man, living in New Jersey, who worked at the Philadelphia Navy yard, after the Pennsylvania Superior Court had decided that the City of Philadelphia had a right to levy an income tax on the wages.

The navy yard employee, one William G. Barnes, asserted that he did not pass through Philadelphia going to and from his work, that he received no benefits from the city, that the Federal Government had exclusive jurisdiction over the Navy yard and that the levy violated his constitutional rights.

We are not advised as to the amount of money he had to pay the City of Philadelphia, under its one and one-half per cent annual in-

come tax, but if the facts asserted are correct, one finds it difficult to understand why the municipality has a right to levy on his income.

It may be that the amount in controversy in the suit was too small to engage the attention of the august tribunal, or there may have been other reasons to justify the refusal of the Court to hear his appeal.

However, if Mr. Barnes had been a house-to-house canvasser for a large corporation, selling articles to housewives for delivery by mail and the City of Philadelphia had attempted to levy a tax on his calling, his case would have got somewhere. The high court has repeatedly acted to protect and maintain what it terms "interstate commerce."

We learn wisdom from failure much more than from success; we often discover what will do by finding out what will not do; and probably he who never made a mistake never made a discovery.—Samuel Smiles.

Emblematic of peace in a peace loving nation, and quietly reminding that dairying is America's greatest industry, the poster pictured above has been chosen as the symbol of June DAIRY MONTH for 1946. It's a familiar scene, as American as the Stars and Stripes. A herd of cows, peacefully grazing over green fields, cows that never heard the roar of hostile guns, that never saw the ravages of war. Such a scene, somehow, symbolizes the American love of peace, home, and good eating.

No Building Is Immune From FIRE--

But everybody can follow these common sense precautions and help reduce the hazards:

1. Clean up your premises.
2. Clean out trash from attics, cellars and closets.
3. CHECK YOUR FIRE INSURANCE POLICY—be sure you are fully covered—both buildings and household effects.
4. If you have any insurance problems or desire additional coverage, phone No. 5.

FIRE—it can happen to you!

ONLY ONE!

There is only one type of retailer through whom the Kentucky brewing industry is willing to dispense its beverages of moderation.

And that's the man who abides by the law... who has the backbone to say "No" if asked to deviate in any way from the rules of good conduct.

Largely as a result of the brewing industry's self-regulation program, licensed retailers of beer throughout the State are, generally speaking, good, law-abiding citizens who have gained the respect of their communities by creditable conduct.

Any retailer who permits the slightest irregularity in the sale of beer is promptly subjected to corrective methods.

Self-Regulation works!

LATHAM AND BIBLE UNION

Mr. Thomas Wray, who was injured in an automobile wreck last Sunday, remains very ill at his home in Latham.

Since our last news, more trading has been done in Latham, Mr. Lonzo (Red) Stafford has bought Dee Copeland's residence in Latham and Dee Copeland bought Dr. Bell's

farm near Dukedom.

Mr. and Mrs. Eldon D. Toone of Fulton announce the arrival of a new son born at the Fulton Hospital last Sunday. Mrs. Toone was formerly Mozell Harwood of this community.

Mr. and Mrs. Bill Mathews are the proud parents of a 10 lb. son born at the Fulton Hospital last Saturday. Another singing school master like his proud dad—no doubt.

Mr. and Mrs. Jimmie Jackson of

Dukedom left for Detroit, Mich., last Sunday to visit Mr. and Mrs. Hacie Pentecost.

Mrs. Jamie Harrison left for Lansing, Mich., last Monday to join her husband, who is employed there.

We are indeed thankful to the faithful patrons, who helped make kroust for the school last Tuesday. 28 women and several boys and girls came out to help. We made 63 gallon in a very little time.

JUNE 30 A BIG DATE FOR ARMY MEN!

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946. If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

ENLIST NOW AT YOUR NEAREST U. S. ARMY RECRUITING STATION

A GOOD JOB FOR YOU U. S. Army CHOOSE THIS FINE PROFESSION NOW!

U. S. FEDERAL BUILDING, PADUCAH, KY.

When you set out to provide telephone service to rural dwellers over an area of hundreds of thousands of square miles in nine states, you've got a REAL JOB!

No one knows this better than your telephone company, nor is there anyone more eager to see farmers have telephones.

We're hard at the job, using the best equipment and "know-how" that years of Bell System experience and research have been able to devise. Southern Bell trucks and men are becoming a more and more frequent sight on the rural roads of the Southeast.
